Today we spend a half day exploring the captivating Ho Chi Minh City. The most places of interest are located near the town center. We pass by the now-demolished wartime American Embassy on our way to the **Reunification Palace**. This famous edifice was a former residence of the President of Southern Vietnam until end of April 1975. Close to the palace are some striking French colonial structures including the **Notre Dame Cathedral** and the **Old Sai Gon Post Office**. We follow these with a visit to the Jade Emperor Pagoda and the **War Remnant Museum** with a wealth of images from the notorious conflicts. The sightseeing ends up with a walk around the retail **Ben Thanh Market** where anything and everything is for sale!

Have a lunch at a local restaurant.

After lunch and short break, we start to transfer about 30km north-west of Ho Chi Minh City to **Cu Chi town**. Cu Chi tunnels were used as the base from which the Vietnamese mounted their operations of the Tet Offensive in 1968. The incredible underground network in Cu Chi stretched over 200 kilometres and became legendary during the American war. The extensive tunnels have been specially constructed with living areas, weapon factories, field hospitals, command centres, plus accommodation. Today we have an excursion to Cu Chi Tunnels to visit an exposition hall and a widened section of the tunnels to get a feel of the underground life. There are also possibilities to fire off rounds from an AK47 or MK16 at the nearby rifle range. Return to Ho Chi Minh City.
